

BURD COOKIE FACTORY

HOW FOOD REGULATIONS HAVE AFFECTED ITS OUTPUT IN QUALITY AND QUANTITY

One of the industries of Glendale which is quietly pursuing its way in spite of the fact that it has been restricted by the regulation orders of the Food Administration, is the Burd Cookie Company, at 507 West Third street, owned and managed by W. D. Salisbury.

He is still making there a delicious cookie in eight different varieties and demonstrating what genius can do in the face of difficulties. He strictly observes orders with regard to the use of substitutes for wheat flour and makes barley flour his chief reliance. When asked how he overcame its tendency to crumble and other characteristics, he said: "O, you can always do a thing when you have to." Since the first of the month he has been required to use only one-fifth substitute flours instead of one-third, the restrictions having been somewhat relaxed. As to the cheapness of substitute flours, the price varies, he says. Sometimes wheat is the cheaper; sometimes barley costs less. He has not been able to entirely overcome the tendency to crumble, but the public has accepted the situation and has not grumbled.

Besides the flour problem and one even more difficult of solution has been the sweetening element. The Food Administration allows a certain allotment of sugar and that must be made to go as far as possible in giving the expected confectionery flavor to the cookies. To help out, corn products are employed, glucose and argo, or corn sugar. But at best the output of the little factory has been limited to about seventy per cent of its normal product. The cost of materials has also necessitated a raise in price and the dozen cookies which used to retail for 10c are now 15c, but the size of the cookies has been increased one third, so the advance is not so marked as appears on its face.

PRIVATE RICHARD ROYCE

A letter from Private Richard Royce to his sister, Mrs. S. C. Andrews, gives further details of the trip across the continent of Co. B, 55th Ammunition Train, which left Ft. MacArthur two weeks ago Saturday. There were four companies, the boys spoken of in yesterday's issue of the Glendale News being members of another company. They arrived in New York August 31 and are stationed at Camp Upton, Long Island, about 60 miles from New York City. "We were seven days on the train. We stopped at every big city which had a Y. M. C. A. and took a swim. The Red Cross was at every stop with smokes, eats, etc. This camp we are in has about 60,000 men. They come from camps all over the U. S. It is just an embarking camp, none of them staying much over a week, just long enough to get their overseas outfit of trench shoes, wrapped leggings, blankets and hard tack.

"I guess I will be in France in about two weeks. I will write you as soon as we get there. I am to go to New York City for a day and a half. That is all the pass we get, but that is good enough because I might get lost at that.

"You ought to see the hats we wear now. They are those little things that set on the back of your head. We look like a bunch of Scotchmen. I will have a picture taken in my overseas outfit. The people of California do not realize how many troops are leaving. About 5000 are leaving New York every day.

REGISTER ANY WAY

Speaking of the registration, September 12th, Chairman Lanterman of the local Exemption Board gives this advice to all men within the draft ages: "If there is any question about your age as to whether it will bring you within or outside the draft, register any way, because you can always make correction and get out easier than you can square yourself in case you fail to register when you should do so."

CHRISTMAS CROPS

W. G. Watson says if you want to plant beans which will stand frost and which will be ready for your table by Christmas time, plant the Windsor Lima bean, a variety which is in high favor in England and largely planted there.

The Christmas crop seems to run in Mr. Watson's mind, for he suggests sowing the Spencer varieties of sweet peas which he says will be in flower when it puts in now.

He says there is beginning to be quite a demand for cabbage plants.

WAR FUND DRIVE

MRS. CHARLES TOLL IS MADE CHAIRMAN OF SPEAKERS FOR SOUTHERN CALIFORNIA

Mrs. Charles Toll of Kenneth road has received the important appointment of Chairman of Meetings for Southern California for the War Fund Drive which will begin very soon and last until the middle of November except that it will be suspended during the Liberty Loan Drive.

This drive, as Mrs. Toll explains, covers war work which is outside of the work of the Red Cross. Instead of having separate drives, seven organizations which are active and co-operating to a greater or less extent, will unite in a campaign in which the Government has asked them to undertake to raise \$170,000,000. These seven organizations are the Y. M. C. A., the Y. W. C. A., Knights of Columbus, Salvation Army, Jewish Welfare Committee, American Library Association, Camp Community War Service.

It appears to be the idea of the government that as a matter of efficiency one good drive for a fund which can be divided among these important organizations, will be a conservation of time and effort, and be easier for the public than many separate drives. This week the Drive Organization is holding institute meetings in Los Angeles at the Y. W. C. A. to explain the work and the character of speeches which will be employed in conducting the campaign. Mrs. Toll, as the general chairman of speakers for this part of the state, is of course attending these meetings and when the drive begins she will have her hands more than full in securing lists of meetings in all the communities in her district, club meetings, lodge meetings, religious meetings, meetings of every sort at which a speaker can be added to the program to present the merits of this war fund drive.

The fact that so many women are going into factories where munitions are made in some of the large cities, and into other war activities, has made necessary an enlargement of the work of the Y. W. C. A. in looking after the welfare, morally and physically, of these workers.

As an example of the entry of women into war work, Mrs. Toll cites the gas masks which are handled entirely by women in the making and for which one hundred women inspectors are required, upon whom rests a tremendous responsibility, a responsibility so great that one inspector told a friend she sometimes woke up in the night in a panic from the fear that she might have overlooked some defect and thereby jeopardized the life of a soldier. Wherever large numbers are employed, there great problems develop. Women speakers from all over the United States are being enrolled now for this drive.

BERYL PLATT MAKES ADDRESS

News has come to Mr. and Mrs. W. N. Platt of 504 Orange street of the doings of their son, Beryl Platt, Second Class Electrician on the Mongolia, one of the army transports which plies between New York and the other side. It is a printed report of a meeting of the Rotary Club in New York City, and reads as follows: "Beryl Platt, a seaman of the U. S. S. Mongolia gave an interesting talk to the members of the Rotary club at their weekly luncheon at the Park hotel Tuesday.

Platt has been in the Navy for some time and has traveled all over the globe with Uncle Sam's fleet. Naturally anyone that has traveled as extensively as Platt has had many experiences and adventures and in recounting these he held the Rotarians' interest constantly."

Mr. Platt says his son very evidently rigidly observes orders in regard to the communication of news and there is little of general interest in his letters for that reason. He was but eighteen years of age when he enlisted in the navy and previous to that time had been a student.

HASTINGS JOINS NAVAL RESERVES

Geo. D. Hastings, son of Geo. C. Hastings, of 209 N. Maryland, and grandson of D. D. Griffin, of the same address, is now a member of the Naval Reserves at San Pedro, having enlisted in that branch of the service. George is a well known Glendale boy, having held several positions which brought him in contact with the public at the Palace Grand and elsewhere. More recently he has been employed at the Santa Fe. Mr. Hastings will be quarantined in the detention camp for three weeks before being inducted into any special service.

TO-DAY'S CASUALTY LIST

SIX HUNDRED AND SIXTY-SIX NAMES IN CASUALTY LIST REPORTED BY WAR DEPARTMENT TODAY

(Special Service to Glendale Evening News)

WASHINGTON, September 11.—Today's casualty list contains the names of 180 killed in action; missing in action, 112; wounded severely, 240; died of wounds, 77; died in accident, 2; died of disease, 13; wounded degree undetermined, 41; wounded slightly, 1.

Californians named in the list:

Killed in action—Howard L. Vail, 69 Green street, Pasadena.
Missing in action—Fletcher A. McDonald, Alameda; Theodore H. Buteau, San Diego.
Died of disease—Sergeant Fred P. Taggart, Whittier.
Wounded severely—John Semas, Concord.
Wounded degree undetermined—Angelo Ledri, 659 Clover street, Los Angeles.
Died from wounds—Otis Kane Norton, Oakland.

PETROGRAD IS IN FLAMES

STATE DEPARTMENT AT WASHINGTON IS ADVISED THAT PEOPLE ARE BEING MASSACRED IN THE CITY STREETS

(Special Service to Glendale Evening News)

WASHINGTON, September 11.—Reliable information to the State Department through the American legation at Christiania, Norway, today, said that Petrograd is burning in twelve different places and the people are being massacred indiscriminately in the streets.

BRITISH NEAR TO ST. QUINTIN

SUCCESSFULLY BEAT OFF STRONG GERMAN ATTACKS EXCEPT AT ONE POINT

(Special Service to Glendale Evening News)

LONDON, September 11.—Field Marshal Haig reported today that the British had advanced near to St. Quentin. They beat off a strong German attack on the west of Gouzeaucourt excepting at one point where an enemy post was established.

There was local fighting at other places on the front.

CHAIRMAN HAYS ASKED TO EXPLAIN

SECRETARY TUMULTY TELEGRAPHS ASKING FOR CONFIRMATION OR DENIAL OF NEWSPAPER INTERVIEW

(Special Service to Glendale Evening News)

WASHINGTON, September 11.—Secretary Tumulty today telegraphed Chairman Hays of the Republican National Committee to learn if Hays had been correctly quoted in the newspapers as charging that the Democratic leaders would end the war with a compromise to save themselves politically. It is understood that Secretary Tumulty wrote at the President's suggestion.

TROOP SHIP IS TORPEDOED

BRITISH SHIP CARRYING AMERICAN SOLDIERS TORPEDOED BUT REACHES PORT WITH NO LOSS OF LIFE

(Special Service to Glendale Evening News)

WASHINGTON, September 11.—A British troop ship carrying American soldiers has been torpedoed in foreign waters, the Navy Department announced today. No lives were lost, according to the announcement. The vessel was seriously damaged but reached port safely.

ATTACK ON HINDENBURG LINE THIS MORNING

BRITISH CAPTURE IMPORTANT POSITIONS BETWEEN CAMBRAI AND ST. QUENTIN

(Special Service to Glendale Evening News)

WITH THE BRITISH ARMY IN FRANCE, September 11.—The British attacked at 3 o'clock this morning on the Hindenburg line between Cambrai and St. Quentin. Reports at 11 o'clock today indicated that the British had captured important positions.

The British also occupied sections of the old Hindenburg line near Havrincourt wood today.

The Germans are heavily bombarding the entire front.

GERMAN MAN POWER LOSSES

ESTIMATED BY PARIS CORRESPONDENT OF TELEGRAPH COMPANY AT 500,000 IN TWO MONTHS

(Special Service to Glendale Evening News)

LONDON, September 11.—The Paris correspondent of the Exchange Telegraph Company today estimates that the Germans have lost 500,000 men killed or captured in the last two months, including 300,000 killed.

NEW STREET NUMBERS

HOUSEHOLDERS BEGINNING TO RECEIVE THE CARD ANNOUNCEMENTS

Edward M. Lynch, City Engineer, is beginning to see daylight after being almost buried under the avalanche of work necessitated by the new numbering system which has required a change in the number of every house and business block in the city. Before a start could be made in assigning the numbers a few maps for the use of city officials had to be prepared by his department in sections on fifty sheets, which have been bound in a huge file. These maps show every lot in the city and the number assigned it.

Then postal cards to the number of about 4800 had to be prepared announcing the new numbers and addressed to each householder. These announcements have been completed too and delivered to the Postmaster, who is having them delivered in installments, that the carriers may not be overtaxed. Mr. Lynch's department has also made a skeleton map for the local post office to enable it to reroute carriers, make proper distribution and correct its records.

The adjustment to this new system will require a considerable amount of time. For a long interval, letters will be coming to old addresses which must be forwarded to the right number. The public service department has a great job ahead of it, and merchants and publishers who make deliveries will find their work greatly increased until the adjustment is made, but the big end will rest upon the postoffice. Under all the conditions, Mr. Lynch thinks Glendale people should congratulate themselves that so few changes in street naming have been made. If we had established a new naming as well as a new numbering system, we would have had chaos indeed, in his opinion.

FLY TO THE BAT

Lieut. H. W. Webb, formerly of this city but now of Rockwell's Field, San Diego, paid flying visits (literally) to Glendale Saturday and Sunday. Saturday afternoon nine planes, each containing two men, the fleet in command of Lieut. Webb, came up from San Diego to Pasadena bringing the nine members of the army and navy team to be matched against the Pasadena Merchants' ball team in a game played Saturday. Sunday morning the planes flew to Venice, where they spent the day. They passed through Glendale en route and Lieutenant Webb's ship circled above the home of his wife's father and mother, Mr. and Mrs. A. S. Henry of 614 Brand boulevard, opening the air exhaust three times to advertise his approach and let them know in which plane he was flying. In their flight the fleet distributed considerable literature. Mr. and Mrs. Henry motored to Venice to see Lieut. Webb and witness the departure of the air fleet for San Diego at 5 o'clock that evening.

HINCKLEY-BEACH CANNERY IS BUSY

Mr. and Mrs. R. L. Hinckley of 137 South Jackson street yesterday transferred their residence to Hollywood. Mr. Hinckley reports that the Hinckley-Beach Cannery at Burbank is running full blast and will very soon be needing twenty to thirty girls and women to assist in peeling tomatoes, as it has arranged to can the product of a large acreage in and around Burbank and the crop will soon be ready for delivery. He also says the government has contracted for fifty per cent of the solid pack. When asked what the civilian population would do in view of the big demands of the army, he shrugged his shoulders and said, "Why, there is the other fifty per cent." Of course the other fifty per cent will mean a big amount when the increase in the canning industry is taken into account.

IN HONOR OF ANNABEL MCLELLAN

Louise Gonzales was hostess last evening at a highly successful four-course dinner party given at the home of her parents at 112 North Louise street, when seven of her girl friends were entertained in honor of Miss Annabel McClellan, who leaves Thursday night for Mills College, Oakland. The table was centered with roses and maiden-hair fern, and all its appointments were exceedingly pretty. Following the dinner the party spent the evening at the Palace Grand Theatre. The young ladies entertained besides the guest of honor were Jane Snyder, Virginia Burmister of Los Angeles, Elizabeth Allen, Edna Burson, Marcella Orth, and Martha Ray of Glendale.

"ROUND TRIP TO HELL"

NEVADA BOY GIVES GRAPHIC ACCOUNT OF HIS SHARE IN WEST FRONT DRIVE

An acquaintance of the editor of the Evening News calls attention to the following letter written by a friend who participated in the awful battle in France in July.

France, July 28, 1918.

Dear Mother:

Know you have been worrying at not hearing from me; and, no fooling, have been quite worried myself. It has been impossible to write. You probably realize the circumstances. We have had what they used to kid about at the ticket window, "A round trip to Hell," and swear we have been there for two weeks. Am now several kilometers behind the front line for rest—which, believe me, was absolutely necessary for all.

From the first to fifteenth we were kept busy in movements, and you no doubt know what took place at 12 midnight of the fourteenth. Germany's drive for Paris launched at 12:13 a. m., when first shell lit, and for ten hours it was kept up. One of the greatest of concentrated fires ever laid down by the Boche, actually not a foot of ground not torn up.

It now seems miraculous that anything could live through it, and probably the Huns so figured, as their schedule called for them to advance fourteen miles by Monday noon. But they reckoned without the Yanks, for they met and received the greatest surprise of their lives. They left piles and piles of dead on this side of the river, which proved the Yanks were there. One young fellow rolled into the dugout, completely out of breath, reporting the Hun was coming; that they had broken through. I came up to see and sure enough they were coming down the road in column of fours, with Americans guarding them.

They are sure yellow fighters, always ready to yell "Kamerad." Some prisoners taken were only eighteen years old. I have two to my credit; also enclose two mark note taken off one.

It was just plain "hell." The German dead enormous, piled deep in the trenches and fields. Have been through nearly every kind of fire imaginable.

STITT WILSON BEREAVED

The famous orator, J. Stitt Wilson, will address the mass meeting September 13 at the First Methodist church in Glendale as advertised. His terrible loss in the death of his only son in an airplane collision, on the aviation field at Sacramento, called him to Berkeley and canceled dates north of Los Angeles county. However, Glendale will have the opportunity to hear him on the vital issues of the day Friday night. Later he goes to San Diego and other counties of Southern California.

His addresses this month are all under the auspices of the State W. C. T. U. of Southern California. In Glendale the Federated Brotherhood of the various churches co-operates in handling the mass meeting. Dr. Durfee, president of the Brotherhood, will preside Friday night.

His rally to duty under such circumstances is but another demonstration of the quality of Stitt Wilson's patriotism and citizenship in general.

GOES TO CAMP PIKE

A vigorous, well-set-up young man rushed into the office of the local Exemption Board Tuesday evening at closing time for his instructions, tickets, etc., for the soldier life upon which he enters today. He was John Edward Smithers, formerly of Eagle Rock out more recently a resident and practicing dentist in Los Angeles. He goes by special induction today to the training camp for infantry officers at Little Rock, Arkansas, known as Camp Pike. His natural soldierly qualities and the mechanical training his profession has given him should make him of value to Uncle Sam in the army. He left at 9 a. m. on the Santa Fe.

PRIMARY VOTE FOR ASSEMBLY-MAN

Mr. Lindley, who was a candidate at the primary election on the Republican, Democratic, Prohibition and Progressive tickets, furnishes the Evening News with the vote of the various candidates.

	Rep	Dem	Prog	Pro	Total
Lindley	794	904	16	442	2156
White	2034				2034
McNutt	533			53	990
Russell	863			117	980
Finnall	801				801

White and Finnall appeared on the Republican ballot only. Dr. Russell and McNutt were on the Republican and Prohibition ballots.

Sycamore Avenue to Doran Street.
Valley Boulevard to Adams Street.
Tropico Avenue to Los Feliz Road.
Damasco Court and Blanche Avenue to Maryland Avenue.
Lot A. of Witham Tract to be named Chestnut Street, being a continuation of said street.

ALL MEN IN 18-45 CLASS URGED TO ASCERTAIN THEIR EXACT AGES BEFORE REGISTRATION DAY

The War Department authorizes the following:
Provost Marshal Crowder issued today a statement calling attention to the obligation resting on all men of draft age to ascertain as nearly as possible their exact ages before registration day. He said:

Persons in doubt as to whether or not they come within the new age limits of 18 to 45 years should make every effort possible to clear up this doubt between now and the day set for registration. Failure to do this will not excuse a man from presenting himself for registration if, as a matter of fact, he comes within the age limits laid down by Congress. The entire resources of local, State, and Federal police officers, investigating agents, and district attorneys will be at the disposal of the local boards to locate persons who so fail to register. Such persons, under the law, would be guilty of a misdemeanor, and, upon conviction, would be liable to a year's imprisonment.

Not only should those in doubt avail themselves of such official birth records as might be available, but they should consult their relatives and other persons who have known them through their lifetime, seek access to church and family records, and examine all other documents, and the like. Municipal and county officials, clergymen, and others having possession of information which might be of assistance can be relied on to aid.

THOUSANDS OF FIREMEN WANTED

Enrolling officers of the recruiting service of the United States Shipping Board are now making a drive for thousands of firemen for the new American merchant marine. Chairman Edward Hurley has announced that there is a serious shortage of firemen.

The Shipping Board believes there are plenty of patriotic young men who would serve as firemen if they knew of the need of men to get behind the shovel on the new ships. In order to encourage the

volunteering of firemen, Chairman Hurley has announced that the Board has broadened the age limits for that rating. Hereafter men who want to be firemen will be accepted from 18 to 35 years of age, inclusive. They will be given special training before being put to sea.

The firemen accepted in California will be placed aboard the merchant marine training ship "Iris," which makes San Francisco its home port. The course is only six weeks long. At the end of that time the men are assigned to new merchant ships plying through the submarine zone.

Four thousand men will be accepted and trained for the merchant marine during September. Two thousand of them will be firemen, it has been officially announced by National Director of the Recruiting Henry Howard. The remainder will be trained as seamen, cooks, stewards and messmen. Five hundred of the 4000 men to be accepted this month will come from western states.

Men who want to enroll for training and the subsequent service may do so at a drug store in this city or by applying at 369 Pine Street, San Francisco.

GASOLINE STOCKS DECREASING

FUEL ADMINISTRATION PREDICTS BIG DEFICIT IF PRODUCTION IS NOT INCREASED

(Special Service to Glendale Evening News)
WASHINGTON, September 11.—The Fuel Administration today informed the United States Senate that the gasoline stocks in the United States had decreased 44,000 gallons per day during July, and predicted a deficit this year of many millions of gallons if the present consumption continues and production is not increased.

MEN WHO WILL BE CALLED

PRESIDENT ISSUES ORDER THAT ONLY 19-YEAR OLDS AND MEN UNDER 37 BE CALLED UNTIL FURTHER ORDERS

(Special Service to Glendale Evening News)
WASHINGTON, September 11.—President Wilson through Provost Marshall General Crowder today issued an order directing: "That only registrants who on September 12th have attained their nineteenth birthday and have not attained their thirty-seventh, shall be called for classification and draft for military service until further orders."

GERMAN WAR REPORTS

(Special Service to Glendale Evening News)
BERLIN, VIA LONDON, September 11.—The War Office today announced that violent fighting was in progress following British attacks south of Peronne-Cantigny Road.

GERMAN NAVAL STAFF CHIEF CALLED TO CONFERENCE

(Special Service to Glendale Evening News)
AMSTERDAM, September 11.—Berlin advices today said that Admiral von Scheer, Chief of the German Naval Staff, has been summoned to headquarters for a conference.

GOVERNMENT RELIEF FOR FARMERS

(Special Service to Glendale Evening News)
WASHINGTON, September 11.—Senator Shepard of Texas today introduced a bill appropriating \$50,000,000 for the relief of farmers whose crops have suffered from dry weather.

PRODUCTION OF TEXTBOOKS CUT
The Pulp and Paper Section of the
War Industries Board has issued to
all publishers of textbooks a circular
which provides among other things
that, during the war, the annual pro-
duction of new school and college
textbooks shall be reduced to 50 per
cent of normal or less. It also advises
that during the war no change be
made in textbooks except where the
textbooks in use are clearly unsuit-
ed to the needs of the schools.

Personals

Miss Dorothy Hunt will attend the
Los Angeles Normal this year, enter-
ing that institution Tuesday morning.

Charles W. Ingledue of Third and
Jackson streets has been suffering
from gripe or some kindred ailment
and has had to lay off from business
for a few days.

Mrs. Clara Bullinger, 243 South
Central avenue, left Wednesday
morning for Akron, Ohio, where she
will visit relatives. She will be ab-
sent from Glendale about two
months.

Mrs. O. C. Lane, 1427 Vine street,
is at the Burbank Hospital where
she underwent a successful operation
on Tuesday of this week. Mrs. Lane
is resting most comfortably and
hopes to be home in two weeks.

Mrs. John C. Dunn of 1015 Lomita
has received a card from her husband
announcing his safe arrival in France.
Mr. Dunn is in the medical depart-
ment, being attached to Sanitary De-
tachment of the 160th Infantry, 40th
Division.

Jacob Muhleman of 1211 Maple
avenue, who is recuperating from
quite a severe illness, had a turn for
the worse Tuesday, brought on by too
much exposure to the mid-day sun,
but rallied and is now again on the
up-grade.

Mrs. Jack Boettner, who has
served such appetizing lunches on
Thursday of each week at the Red
Cross Shop, announces that the lunch-
eons will be discontinued for the bal-
ance of September. Patrons please
take notice.

Mrs. Helen Sadler, Chairman of
the Hospital Garment Department of
the Glendale Red Cross Chapter, re-
quests the return of all outstanding
garments in the hands of workers in
that department. The list will in-
clude pajamas, bed socks, children's
dresses, children's petticoats, etc.

You will be curious to know what
the Justice Court is, so come to the
Harvest Festival September 20 and
21, for the benefit of the Red Cross,
and have Mrs. C. B. Guitard reveal
its mysteries to you. There will be
fun for all. Other ladies assisting
Mrs. Guitard are Mrs. C. E. Norton
and Mrs. Bert Woodard.

The "French mail," as it is desig-
nated by Glendale citizens who have
relatives at the front, brought Mrs.
E. A. Eckman at 809 Melrose avenue
a letter, Tuesday, from her husband,
Captain E. A. Eckman of the Avia-
tion Corps, now in France. Any
news from the front assuring the
members of the family of the safety
of the writers is most welcome.

In honor of her brother, Harry La
Fountain, Ordnance Detachment,
Camp Fremont, San Francisco, Mrs.
Norton Marshall of Long Beach en-
tertained Thursday evening with a
family dinner. Her guest list in-
cluded Mr. and Mrs. La Fountain and
grandchildren, William and Martha.
Harry La Fountain left Saturday mor-
ning after enjoying a week's furlough
with relatives and friends.

An interesting sheet which is a
novelty in this office is "Trench and
Camp," published weekly under the
auspices of the National War Work
Council of the Y. M. C. A. of the
United States and printed in Los An-
geles. Its announced purpose is to
furnish army and navy news to army
and navy men and their home folks,
and its special field of circulation is
Camp Arcadia, Camp Whistler, Camp
Kearny, the San Diego and San Pedro
camps.

Commenting upon the middle west
as represented by Illinois, Kentucky
and Missouri, where she visited this
summer, Mrs. Robert McGee, wife of
the dry goods merchant, remarked:
"Of course I wouldn't live there now
for any money, but I certainly had a
good time this summer." She con-
firmed the reports of Mr. Bosserman
concerning the excellence of hay and
grain crops, but like him said the
corn crop had been burned up by tem-
peratures ranging from 105 to 110
degrees, and no rain for six weeks or
more. This report refers to Southern
Illinois and not to the Northern part,
where the corn crop was good.

Mr. and Mrs. J. T. Crampton and
daughter Grace, of 1011 Chestnut
street, returned Monday night from
a delightful two weeks' motor trip.
They visited the famous Yosemite
and from there went to Oakland to
visit friends. One of the greatest
pleasures of the trip was a visit with
Mrs. Elizabeth Brown Douglas and
her father, Mr. Baxter, who formerly
resided in Glendale. Mrs. Douglas
publishes the Mill Valley Record and
her many friends will be glad to
learn of her success along this line
and also of her improved health in
the North. Mrs. Crampton says that
Mill Valley is one of the most beau-
tiful spots she ever visited. It has
been called "The Switzerland of
America." The mountains with cot-
tages nestled on their slopes, among
the wonderful trees, all make it a
most desirable place to reside.

GERMANS ON THE RUN

SO WRITES E. M. SAWYER WITH
TELEPHONE AND TELEGRAPH
BATTALION IN FRANCE

The last mail brought two letters,
dated August 10 and 16, to Mrs. F.
D. Sawyer, 525 Orange street, from
her son, E. M. Sawyer, Co. D, 411
Telephone and Telegraph Battalion,
now in France. One letter was so
censored as to be almost unintellig-
ible. On the first date he writes of
being moved about 150 miles but no
nearer the Germans than before as
the Germans are running so fast they
can not overtake them. It was a
long, dusty ride. They are quartered
at present in what was once an apart-
ment house. Mr. Sawyer and another
man have the kitchen, which is
equipped with a range and dishes and
they sometimes cook something. They
also have a double bed and mattress,
which beats sleeping on the floor. The
apartment house is in a large place
but the city is literally in pieces.
When one of those big shells hits it
makes a big hole. A couple of smal-
ler towns through which they passed
were nothing but heaps of stones.
The eats are good, fresh white bread
daily. At the Salvation Army hut
they had the first doughnuts they had
tasted since leaving California. They
were sure good. The weather is fine,
warm in the daytime and cool at
night.

Mr. Sawyer enclosed his latest pic-
ture of himself taken by a very fine
photographer in Paris, and also sev-
eral fine views of points of interest
in Paris itself. He speaks also of
numerous air-raids nearly every
night.

CLUB LITERARY SECTION

The program committee of the Lit-
erary section of the Tuesday After-
noon Club, consisting of Mrs. Edgar
Pack, Mrs. H. S. Duffield and Mrs.
Albert Pearce, met at the home of
the chairman, Mrs. H. E. Bartlett,
101 South Brand boulevard, Tuesday
afternoon to consider plans for the
section for the coming year.

The program as outlined is one
that will no doubt tend to arouse
much interest among the Club mem-
bers in the work of this department
and make this section one of the
largest of the Club.

Owing to the war situation, the
committee decided that a study of the
countries of the allies—Italy, France,
Russia, Japan, some of the smaller
states, Poland, Serbia and also
Switzerland, which although a neu-
tral country occupies a very unique
position at the present time, would
prove most interesting and profit-
able. They will take up the geog-
raphy, history and social conditions
of the above countries.

"AMERICA'S ANSWER"

The second of the United States of-
ficial war films is entitled "America's
Answer." The 8,000 feet of film was
assembled from 30,000 feet taken by
the United States Signal Corps, Amer-
ican Expeditionary Force, by order
of Gen. John J. Pershing, under the
direction of the General Staff. It
shows the activities of the first half
million American soldiers in France.

Besides the military phases of the
picture there is shown in detail the
vast amount of work accomplished by
the Engineers' Corps. The building
of miles of concrete docks where for-
merly unsanitary marshes were, the
erection of huge railroad shops, the
laying of 900 miles of rail, the mush-
room-like springing up of miles of
hospitals and refrigerating, storage
and reclamation plants which, how-
ever, are built to last for generations,
show the making of a new America
in old France, just as in years gone
by a new France was founded on this
continent.

The military scenes are impressive
and the climax is the battle of Can-
tigny, in which American troops won
their first victory over the German
troops. The scenic setting, the open-
ing tableau vivant, and the descrip-
tive musical score were arranged by
S. S. Rothapel, director of the Rialto
and Rivoli Theaters, in New York.

STATUS OF FIELD CLERKS

Army field clerks, being appointed
to office by the Secretary of War, are
officers in the military service; but
they are not commissioned officers in
the Army, and of course they are not
enlisted men therein. Hence they are
not entitled to the increase of pay
allowed to commissioned officers and
enlisted men while serving beyond
the limits of the States of the Union
and the Territories contiguous ther-
to, authorized by the act of June 30,
1902. (32 Stat. 512.) The pay of
Army field clerks is fixed by statute,
and there is no statutory authority
for allowing them an increase of pay
for foreign service, says the Judge
Advocate General.

RAZOR GRINDING AND SHARPEN- ING

I will open up a razor grinding
and sharpening shop at 1211 W.
Broadway, first building west of
Spohr's Drug Store, Monday, Septem-
ber 16. Keep your business at home.
Satisfaction guaranteed. F. H. Walk-
er. 8t12

Mrs. Laura Jones, teacher of piano,
118 W. Third street, wishes to an-
nounce to pupils and patrons that the
fall term opens next week. Those hav-
ing particular choice of hours better
make application at once. Phone Gl.
525-J. 8t14

RED CROSS EVENTS

Sept. 20 and 21—Community Har-
vest Festival.

Persons planning Red Cross enter-
tainments are requested to have dates
reserved by telephoning Mrs. Mabel
Franklin Ocker, chairman of Bureau
of Entertainments, Glendale 918-J.

W. C. T. U. AMERICANIZATION MEETING

The beautiful home of Mrs. John
Robert White, 101 South Orange
street, was open last Friday after-
noon to the White Ribboners of the
City Union in a very enjoyable ses-
sion.

The President, Mrs. Ruby Smart,
brought a report from the State Ex-
ecutive Committee which she had at-
tended the previous Wednesday, out-
lining plans of work for the Califor-
nia Dry Campaign now on. The offi-
cers of the Northern and Southern
state organizations had held a recent
conference at Pacific Grove and
agreed to unite heartily and actively
in the effort to carry the Dry Amend-
ment now on the ballot by 127,000
signatures, to ultimate success at the
polls in November. It is hoped that
all friends of humanity will support
this measure and thus make the
golden star of California bright and
unsullied in the galaxy of the states.
Vote yes on the bill for prohibition
and no on the Rominger liquor leg-
islation bill. This last, to vote no, is
just as important to vote yes on
the dry bill, as California law gives
precedence to the one having the
largest majority.

One hundred dollars was donated
by the state committee to the morals
efficiency committee of the city to
further the work of protecting the
girls from the lure of the uniform,
and to help the boys to remain clean
and true to manhood. The bills de-
cided upon by the women's legislative
council to present to the legislature
are Community Property Law, Ele-
mentary School Laws, Help for De-
linquent Women.

"Americanization" was the topic of
the program. Miss Clarinda Corbin
of Glendale, a worker in the Y. W.
C. A. of Los Angeles, was the prin-
cipal speaker and gave a very inter-
esting and instructive address on the
work of the Institute and of the peo-
ple with whom they work. Twenty-
five or more nationalities are influ-
enced in some measure by their work.
She spoke of the loyalty of most of
them to the Government in sending
sons to war and of their generosity
in subscribing to the Liberty Bonds
and Stamps, and said that in making
American citizens of them, caste and
class must give way to genuine friend-
liness. Our task is primarily to make
the women American citizens, as they
will play a great part in the program
of the world's reconstruction and we
must help fit them for that time.

The children get their training in
the public schools, the men get some
in their work and on the street, but
the women, who are bearing the bur-
dens of the war and who must bear
the greater burdens that will come
when the war is over, how to Ameri-
canize them to our ideas and ideals
is the problem before us as women.
Our notions and preconceived ideas
of gradual assimilation must be set
aside and we must teach them the
real meaning of democracy, the sac-
redness of our democratic institu-
tions and the responsibilities of citi-
zenship. Evidently Miss Corbin is
heart and soul in her philanthropic
work to uplift humanity and she cre-
ated interest and enthusiasm in those
who heard her.

Mrs. Smart referred to the fact
that Americanization is but another
name for the same work done by
the W. C. T. U. since 1884 under the
department "Work for Foreign-
Speaking People," and gave interest-
ing facts and figures thereto. For
twenty-five years the W. C. T. U. has
maintained a missionary at Ellis
Island who speaks seven languages
and handles literature in over twenty,
who meets the incoming ships and
welcomes the immigrants and
cheers them in many ways. There are
also White Ribbon workers at Bos-
ton, Galveston, Tampa and San Fran-
cisco doing this helpful work. There
is a wonderful "open door" waiting
to be entered in this Americanization
work that confronts us. "It has been
estimated by the Y. M. C. A. that
one-third of our present population
is of foreign origin, either by birth
or parentage; that 3,000,000 of
these alien males are unacculturated;
that thirty-four per cent of alien
males between twenty-one and thirty
years are unable to speak our lan-
guage and that a large percentage of
these are illiterate," and yet these
figures do not touch the women. Are
we not face to face with the need of
compulsory Americanization? The sit-
uation demands the imperative need
of teaching the English language to
every man, woman and child coming
to our shores. Let us be faithful
to the stranger within our gates.
RUBY J. SMART.

RETURNS TO HER SCHOOL

Miss Bertha B. Smith, who has
been spending the summer with her
parents, Mr. and Mrs. A. Lucas Smith
of 305 North Adams, has returned to
Des Moines, Iowa, where she is a
principal in the city schools. Mr. and
Mrs. Smith have also been entertain-
ing as their house guests Mr. and
Mrs. Tyler Harding, old-time friends
from Des Moines. Mr. and Mrs.
Harding have been in attendance at
the National Encampment G. A. R.,
which was held recently in Portland,
Oregon, and are touring the South
before returning home.

Patience always was a virtue, is, and always will
be, but the present time demands an amount un-
limited that adverse conditions may be overcome,
that business may be permitted to flow through
the usual channels and that harmony, peace and
happiness again may be established permanently
where there is now a leaning toward inharmony,
unrest and unsettlement.

"KEEP YOUR EYE ON UNCLE SAM"

Another aspirant for honors in the
line of artistic endeavor and inci-
dentally for fame and fortune as a
writer of patriotic songs, has been
revealed in Miss Matilda Margaret
Speik of 373 West Colorado boule-
vard, this city, who is a teacher in
the Broadway school. Her bright,
catchy song, "Keep Your Eye on
Uncle Sam," has just been published
and put upon the market by R. W.
Heffelfinger of Los Angeles, and not
only were the words and music writ-
ten by Miss Speik, but she also de-
signed the quite unique cover of navy
blue coloring with a silhouette of the
Goddess of Liberty and the title let-
ters in white. The words meet all
the requirements of a popular war
song and the air has real melody
with the rhythm of a dance tune.
This is the chorus:
"We didn't begin it, but now that
we're in it,
Keep your eye on Uncle Sam.
Then shoulder a gun, boys; go after
the Hun, boys;
Follow your Uncle Sam.
So carry your banner in U. S. A. man-
ner,
Honoring the Grand Old Flag.
We didn't begin it, but just watch us
win it,
Keep your eye on Uncle Sam."
Advertise it, or advertise for it in
the Evening News.

WOMAN'S AUXILIARY MEETING

The Woman's Auxiliary of the
First Congregational Church will
meet Thursday for an all-day meeting
beginning at 10 o'clock at the church.
Each lady is asked to bring her own
lunch and the sewing will be con-
servation work.

WEATHER FORECAST—Unset-
tled, probably showers. South-west-
erly winds.

TRANSHIPMENT OF AMERICAN PLANES

In a recent interview in regard to the kind and numbers of American aeroplanes which are being manufactured and shipped by the Government, Director John D. Ryan said, relative to the shipment of planes to the seat of war:

Planes are going across in fair quantities now. Not in many types, but we are supplying engines for planes that are built in both England and France and in that way obtaining just that many planes for our own armies and in considerable numbers.

Every one of our allies is calling for Liberty engines, demanding them, finding it impossible to meet their own production of planes with engines for them. They are all relying on our production of Liberty engines; not for a few engines, but for a large part of their program. They all now have Liberty engines and have tested them and tried them out. Particularly the English say to us, "We saw it first. We knew it was a good engine before you admitted it was." And they are satisfied with it and demanding numbers that are out of the question for us to meet—that is, they will take more engines than we can make. Remember this, that there has never been on either side of this war a sufficient number of engines. That is the limiting factor in any air program on both sides of the war.

It is estimated that the colleges accepted for organization and equipment of units of the Students' Army Training Corps next month represent an "educational plant" worth \$500,000,000 to the Government. The use of this existing machinery as a means of giving the men over 18 years intensive training is obviously an economy. Each day additional schools are being accepted by the War Department for the Students' Army Training Corps.

Just as a Mighty Oak

Can grow from a small acorn—so can a fortune grow from a small bank account.

Both when well started have a steady growth. You can start your account this month. Even though it be a small one at first, if you will steadily add to it in a few years you will have a capital worth working for.

If you live in Glendale, make up your mind to start an account in this Glendale Bank and watch your money grow with the bank and the town.

"ROUND TRIP TO HELL"

(Continued from Page 1)

aginable, but believe the worst of all is to be bombed by aeroplane. Was crossing the river when five boche machines came down on us, throwing bombs and using machine guns so close their faces were visible.

It is impossible to write all I have been through, but am mailing you a paper which will probably tell you better than I can. I wore a gas mask for three days straight during the barrage. The past two weeks seem like a nightmare—no sleep, no cats, and never a chance to wash. The men advanced so fast the artillery would not get a chance to get into action and we were still going forward when our regiment was brought out for rest.

I understand our regiment has had two citations which, if so, will probably entitle us to wear cord on shoulder and Croix de Guerre on the regimental colors. Compelled to walk over many, many German dead in advancing, so thick in some places, could not get around. The world will have to hand it to the Yanks. Many of Hun's big guns left in their retreat, also piles of machine guns.

All are in hopes of few days leave of absence and probably chance to visit Paris or some other large city, providing they pay us. Just had a bath and clean clothes—feeling fine with a "belly full of beans."

Slept last night where the German army slept two nights before. Villages just a mass of ruins. Wreckage something awful. Thank the Lord you can not see a battlefield. My best pal killed the first night by shrapnel, Irving Reynolds, home in Topeka, Kansas. Killed while repairing lines. Many of our men gone, but not forgotten. It is a great relief to be back here. It certainly gets on one's nerves, especially as we have been in it for two months. We all pray and hope that this great victory will be the means of bringing it all to a close.

Am not in need of anything except pay day. They are certainly feeding us grand—French fries and brown gravy for dinner. Everyone deserves it. Oh, there's so much to tell you, but will have to wait. You know that we went through the thickest of it all and that's enough. Love to all. Will write soon again.

SGT. W. G. HULL.

SOLDIERS' INSURANCE

More than \$30,000,000,000 of government insurance has been written to date to protect America's fighting forces and their families, Secretary McAdoo announces.

Approximately 3,400,000 insurance applications have been received by the Bureau of War-Risk Insurance of the Treasury Department up to the close of business August 30. An unprecedented rush of business in the last fortnight has eclipsed the billion-dollar-a-week record. The total for the month of August will be approximately \$5,000,000,000 in new insurance applications.

Unofficial estimates indicate that

the United States Army is substantially more than 90 per cent insured.

New men joining the colors are almost without exception availing themselves of the maximum insurance protection permitted by law—\$10,000. In the opinion of Army officers this is strengthening the morale of the Nation's Army to a very considerable degree.

More than 2,000,000 insurance certificates have been mailed to date. They are being dispatched at a steadily increasing rate. Persons who have been named as beneficiaries under the war-risk insurance but have not as yet received their insurance certificates are again reminded that these certificates are not essential to make the insurance protection effective.

In addition to handling the greatest insurance organization in the world, the Bureau of War-Risk Insurance of the Treasury Department has charge of soldiers' and sailors' family allotments and Government allowances, and indemnity compensation for death and disability.

The bureau has sent forward to date close to five and a half million Government checks.

Checks are being mailed at the rate of approximately a million a month.

QUICK ACTION BY GUNNER SAVES SUBMARINE'S CREW

Secretary Daniels has commended Frank R. Wills, chief gunner's mate, United States Navy, for presence of mind and resourcefulness which prevented possible loss of life on a United States submarine on July 8, 1918.

A torpedo became wedged in the bow torpedo tube, and workmen opened the tube door, with the result that the water pressure washed the torpedo back into the torpedo room, which immediately filled with water. This endangered the lives of the men in the submarine. The workmen did not know what to do to avoid disaster, but Wills saw the danger and closed the tube door. The reports state that Willis's quick thought and prompt action saved the lives of the men and prevented damage to the craft.

Wills enlisted at Honolulu, Hawaii, April 6, 1915.

CIVIL SERVICE EMPLOYEES

Section 9 of the civil-service act of January 16, 1883 (22 Stat. 403), provides "That whenever there are already two or more members of a family in the public service in the grades covered by this act, no other member of such family shall be eligible to appointment to any of said grades." Where, however, through inadvertence an appointment has been made of a third member of a family, and such appointment has been accepted by the appointee without any fraud on his part or concealment of material facts, it is then too late for the Civil Service Commission to correct its certification, and the person so appointed may lawfully be retained in the service. (39 Ops. Atty. Gen. 169.)

JOBBER IN ELECTRICAL GOODS ON PREFERENTIAL LIST

At a hearing before the Priorities Commissioner and other representatives of the War Industries Board, the War Service Committee, representing electrical jobbers, presented their claims for preferred treatment to maintain their stocks for general distribution.

As a result of the hearing, the Priorities Commissioner announced that manufacturers of electrical apparatus and supplies will be accorded a degree of preference for their materials to enable them to operate, conditioned upon their pledging themselves to limit their output to essential products and undertake to see that such products are devoted solely to essential uses as that term may be defined from time to time by the Priorities Division. The manufacturers must be relied upon to police their own industry and also in a measure to police jobbers, distributors, and retail dealers.

It is believed to be in the public interest that jobbers should be permitted to maintain reasonable stocks from which Government agencies, war industries, and the civilian population may draw for their necessary essential requirements; provided the jobbers will pledge themselves to rigidly restrict the use of all stocks to solely essential uses and to reduce to an absolute minimum both jobbing and retail stocks. The jobbers will be relied upon to police their own industry and that of the retailers. Any jobber or retailer violating the pledge will be cut off from procuring further supplies.

THE AUTO TRAVEL EMBARGO

"The request for conservation of gasoline by refraining from the use of autos Sundays applies only to the territory east of the Mississippi River," says the Fuel Administrator. "In this territory there are 4,000,000 motor-driven vehicles, of which approximately 200,000 are trucks. It is fair to assume that the remaining 3,800,000 motor vehicles if run on Sundays would each use two gallons of gasoline; so that the saving to be effected, if every motor user patriotically complies with the Fuel Administration's request, would be about 7,600,000 gallons. This would be in addition to the saving effected by the nonuse of motorboats; and in this connection it might be well to state that the conservation request has no application to those motor fishing boats plying at a necessary trade.

"Motorists are requested to initiate every means of conservation possible in the handling and use of gasoline and lubricating oils. The useless operation of engines when the car is not in motion must be discontinued. Extreme care must be exercised that gasoline and oil is not spilled; that leaks are not tolerated; and evaporation not permitted. The gasoline and lubricating oil user must realize that there is not an inexhaustible supply of crude oil, and he must appreciate the fact that the need for it now exceeds that of any previous time.

"War needs must be first supplied. By conserving through the nonuse of motor-driven vehicles for a few Sundays and the exercise of care in the use of gasoline and oil during other days, there probably will be no necessity for more severe control.

Charter Number 7987

Reserve District No. 12

REPORT OF CONDITION
—OF THE—
FIRST NATIONAL BANK

At Glendale, in the State of California, at the close of business on August 31, 1918.

RESOURCES

1. a Loans and discounts (except those shown in b and c).....	\$351,298.78

W. W. LEE,
GEO. T. PAINE,
E. U. EMERY,
M. P. HARRISON,
Directors.

Subscribed and sworn to before me this 5th day of September, 1918.

HARRY W. CHASE, Notary Public.

FRENCH RESTAURANT PRICES VISED

A French Government decree, effective July 22, orders that after that date all shops where articles of food and drink and certain household necessities are sold must exhibit a price list both inside and outside the establishment. This will enable an easy check to be kept on retailers both by shoppers and the authorities.

Hotels and restaurants will also have to post up a priced bill of fare outside. Special agents will report direct to the ministers concerned all cases of excessive charges, and also irregularity of supplies, overstocking, and anything which tends to increase the cost of living. The decree applies to all places with more than 3,000 inhabitants.

A similar order has just been passed in Italy. There the proprietor of every public eating place is required to send each day a copy of his bill of fare to the proper authorities. The bill of fare is examined to see if the prices charged are considered fair, and if so it is stamped to this effect. A copy of the bill of fare bearing this stamp must then be posted conspicuously in the restaurant, and the prices charged for food must not exceed those posted. It is also forbidden to serve any dish which does not appear upon the bill of fare.

USERS TO PAY COST

The Postmaster General issues the following, which is reported by Mr. Deal, Manager of the Pacific Telephone Company:

August 28, 1918.

Order No. 1931:

Owing to the necessity for conserving labor and material and to eliminate a cost which is now borne by the permanent user of the telephone, a readiness to serve or installation charge will be made on and after September 1, 1918, for all new installations, also a charge for all changes in location of telephones.

Installation charges to be as follows:

Where the rate is \$2 a month or less \$ 5
Where the rate is more than \$2, but not exceeding \$4 a month.. 10
Where the rate is more than \$4 a month 15
The moving charge to the subscriber will be the actual cost of labor and material necessary for making the change.

In accordance with Bulletin No. 2,

issued by me August 1, 1918, stating that "until further notice the telegraph and telephone companies shall continue operation in the ordinary course of business through regular channels," in all cases where rate adjustments are pending or immediately necessary they should be taken up by the company involved through the usual channels and action obtained wherever possible. In all cases, however, where rates are changed such changes should be submitted to me for approval before being placed in effect.

A. S. BURLESON,
Postmaster General.

The Y. M. C. A. has placed orders for 3500 sets of boxing gloves for the use of the American soldiers in France.
